President's Message

Happy Canada Day everyone!

Canada Day is always one of the highlights that you know summer is really here. Most importantly it's a day we take time to celebrate and come together with all the diverse cultures that make up this great country of ours. We are very fortunate to live in Canada. Did you know...it wasn't until Canada's 100th birthday in 1967 that nation-wide enthusiasm for the holiday really took off? Communities across the country celebrate with barbeques, fireworks, parades and multi-cultural performances. And of course, it's always been a special day to me as I get to celebrate MY birthday with the whole country!

I invite everyone to reflect this summer on what it means to be a member of your community, your country. Why do you become involved in community activities,

I wish you all a summer of relaxation, reflection and self-discovery. Now is a great time to think about what the upcoming year looks like for you. What direction do you want to go in your community involvement? I truly hope EWI remains a part of your involvement. EWI is here for you – personally, for your business, career; and in particular, to keep connections with one another and to work in our communities together. We thrive to help empower and inspire one another.

Have an awesome summer!

Fran
