| MESSAGE FROM THE PRESIDENT |

Dear Members

It's hard to believe that we are already in the month of Aug and that there are only 5 months left in 2024. We will soon be harvesting our little garden as well as enjoying evenings on the deck while we can. What have you done this summer to fill your soul cup?

I am looking forward to our member get together in August, swimming, food, conversations and most importantly laughter. I always enjoy the energy in the room at our gatherings, it is amazing what happens when strong and caring women gather.

I hope everyone enjoys what is left of summer and makes the most of what this weather offers.

"Summer, where the days are long and the worries are short".

with gratitude.

Rhonda Adair

RHONDA ADAIR

2024 President

WELCOME SHAUNTELLE COX

I am a NEW member of EWI... although I feel like I dated EWI for about 10 months before deciding to dive all the way in.

I have really cherished all the time that I have been able to spend with you ladies already & I am looking forward to continuing to develop relationships & continue to serve our communities well, together!

I love spending time with like-minded women, supporting & empowering each other... so joining EWI feels very natural & a bit like coming home!

A little about my personal life

I've been married to Mike for 22 years & we have identical twin boys who are now young men.

Aiden & Ethan have just graduated from High School & are starting to work in the trades.

I am not feeling ready for the next step of them leaving the nest, so I am encouraging them to stay home for a while.

We also have a chihuahua (Lulu) who helps me bring the female energy level up in our home.

I have been working as a Style, Fashion & Closet Whisperer for nearly nine years now! I help women to dress in a way that flatters the body that they are in, works for their lifestyle & attracts the business that they desire! I represent a collection by cabi that helps women do just that!

Another passion of mine is helping women discover more about cabi, as it's been a life changing decision for me to work this business!

I would love to help others discover just how much of a difference working a business like this can make to their life (in many ways) ~ but there is also discovery through referral that is really fun... I love to reward refer

NEED A STYLIST?

Summer Pool Party
