| MESSAGE FROM THE PRESIDENT |

Dear Members,

June is upon us and with that comes the sounds of children playing outside, baseball games at the park and the smell of fresh flowers and food cooking on the barbeque. The school year is coming to an end and gardens are starting to grow.

This past weekend we planted strawberry plants, and our herb garden with the grandkids, it was wonderful to teach them this skill and see the smiles on their faces. It made me think about learning and the sense of accomplishment and satisfaction one gets when we learn and apply something new. EWI is focused on learning and literacy, and our book drive in May and early June fits in with this initiative. June 7th EWI corporate is hosting a Webinar on Microsoft Tips and Tricks, where you can learn new skills and brush up on old skills. At our June meeting we are excited to host some of the City Councillors and learn about women in politics.

In November we talked about the value of being a member in EWI and this past May we held a training session where all members could attend and learn how to set up and utilize their EWI membership. We will be taking the month of July off to enjoy vacations and the weather. Keep watching for details of our August members event it is going to be fun and you don't want to miss out. I will leave you with this one final thought, when you get the opportunity to learn something new embrace and enjoy the whole experience.

"The capacity to learn is a gift; the ability to learn is a skill; the willingness to learn is a choice"..... Brian Herbert

with gratitude.
